# Rocky Bay Retreat

Welcome to 21 Du Fresne Place, Tapeka, a welcoming place to slow down and enjoy a coastal holiday with family or friends. With the complete house to yourselves, you can settle in, unpack, and make the space your own. Three bedrooms give your group separate places to retreat at the end of the day, while having the whole home allows you to holiday together on your own terms.

The beach is just 50 metres away, so time by the shore can become part of your daily routine. Wander down for a little beach time, return to the house for a break, then head back whenever you feel like it. There is no need to plan every moment: enjoy the freedom to take each day as it comes and spend time together at your own pace.

Bringing a boat? There is space for boat parking at the property, and the boat ramp is within walking distance. These practical features make the house a convenient choice for guests who want boating to be part of their holiday. Keep your plans flexible, with a base that puts both the beach and boat ramp close at hand.

Whether you are looking forward to beach days, outings on the water, or simply a change of pace, this Tapeka home offers a place to come back to and unwind. Bring your favourite holiday essentials, gather your family or friends, and enjoy a stay centred on togetherness, independence, and the simple pleasure of being near the sea.
