

Warm Earth Cottage

***** Stay 2 or more nights for a VERY special deal!!. Click some dates on our calendar for a nice surprise*****

A truly unique experience. Two enchanting cottages set far apart for total privacy in a stunning 8 acre park-like property, nestled in a tranquil rural paradise of mature trees, pristine mountain stream and vast sweeping lawns/gardens. Electricity is banished in favor of soft romantic candlelight, and the sounds of the stream and birdsong are the only intrusions. The warm glow and heat from a wood burner adds to the ambiance in the winter months. Each cabin has it's own very private outdoor bush bath, heated by a fire, lit for you early evening for your soak under the stars. A roof enables this to be enjoyed all year round. A must visit for those wishing to reconnect with their partner or those who simply need to recharge in nature's tranquility.
