The Marina Suite

The Marina Suite is in walking distance of the town cafes and boutique shops. Eateries, restaurants and watering holes are very handy to this luxury accommodation.
The local beach is a 700m walk, along a walkway following the river to the river mouth. Buffalo beach is a long white sandy beach, suitable for the morning walk or romantic evening stroll. It is a good swimming beach.
For the ocean lovers, the boat ramp is only meters away from this apartment. There is parking for boats on site, if you let me know before you arrive. There are a number of charter trips that will take you to the local tourist attractions, to Cathedral Cove or a River cruise around the waterways. Fishing charters can be prebooked or booked at the local I-Site.
This apartment is fully furnished. All beds will be made and ready for the guests. Towels, bath mats etc are provided in the costs.
