We have many eco features: passive solar energy, solar panels, uprated wool insulation, recycled plastic bottle carpet and low VOC paint. We are committed to sustainability.

Breakfast consists of continental and cooked choices and we like to give our guests what they would like.

Everybody raves about our views, which are truly stunning and we are in such a great area with wineries, breweries, cafes, artists, the Great Tasman Cycle Trail and food producers within 5 to 10 minutes. The beautiful Abel Tasman Park is around 40 minutes drive and Golden Bay is an hour away.

We are born and bred South Islanders and have lived here at the 'top of the south' for 22 years. We know the south island inside and out and love to share our love of this amazing island and can give lots of handy information on how to get the most out of your stay in this area.
