Valley Vista Eco Retreat

Valley Vista Eco Retreat is 31 hectares of rural delight. We are completely off grid and our way of doing things reflects this. We have a developing vineyard and an olive grove underway.
We cherish our eco credentials, with plans to create a wetland and to plant another native bush area.
Staying with us, you have full use of all the facilities and the right to wander around the farm at your leisure.
The Tiny House, while small, is a delightful place to stay, with stunning lake views. The two little decks add to the ambience and pleasure for your stay. Tea and coffee making facilities in room.
The Container Cottage is a comfortable motel style unit designed with you in mind. A large deck, complete with barbecue, adds to your total experience.
The Shepherd's Hut is the full glamping experience, with outdoor bath, bbq, privacy. All food is provided for you to cook, or we can deliver a ready made breakfast.
The Hibiscus Cube is for the budget conscious. With it's own deck and privacy, it is a great option. Currently using a shared bathroom. Breakfast delivered or dine with us.
